Seeking a position in software engineering field.

EXPERIENCE

2003 – 2019

SELF-EMPLOYED, BUSINESS OWNER, VISUAL ARTIST

In these years I have opened my own health and beauty business, worked as a visual artist in the studio, self-learning programming, web development, raised my son as a single mom.

2002 – 2003

INTERN GRAPHIC DESIGNER, GRAPHIC DESIGN COMPANY BOSTON MA

This company used to be located on Newbury street but no longer exist and the name of it is forgotten by me.

EDUCATION

2019

SOFTWARE ENGINEERING (WEB DEVELOPMENT FULL STACK), SELF-TAUGHT

Python, JavaScript, Node JS, CSS, React JS, some Golang, some Elixir, some C++

2002

GRAPHIC DESIGN CERTIFICATE, SCHOOL OF MUSEUM OF FINE ARTS BOSTON

Two-year program for graphic design certificate

SKILLS

- Self-taught in programming, CS
- Creative thinker, problem solver
- Planner and organizer
- Mature with proper work ethics
- Responsible and organized
- Love learning

ACTIVITIES

I lived fairly long life already (I am in my 50's). My education and activities in professional fields are very diverse: Mathematics in University (Russia), stage acting /directing (Russia), visual art, illustration, portraiture, graphic design, health and beauty business owner for 5 years, last 3 years self-learning software engineering (mostly web development), computer science, programming languages, UI/UX. I am seeking an opportunity to enter a professional field of software engineering.
